

MEN'S NIGHT

League Structure

The Whitetail Men's League is designed to reward both participation and performance — the more you play, the more you contribute to your team's success.

The league will consist of 12 teams, with up to 12 players per team (maximum 144 players). Teams will be assigned randomly based on estimated handicap to ensure a balanced and competitive field. As the season progresses, the online scoring system will automatically update your handicap each week.

Teams are used for scoring purposes only — you're free to play with anyone you choose, as long as at least one other player in your foursome is also participating in the league.

All players will compete from the White Tees. Golfers aged 60+ may choose to play from either the White or Yellow Tees. Tee selection must be made on the first night and will remain the same for the duration of the season.

There are plenty of weekly prizes up for grabs based on performance, including Gross and Net Individual Stableford winners. Players can also opt into a weekly Skins game (\$5) and a Hole-in-One contest (\$1). In addition, weekly draw prizes (\$10) will be available from the clubhouse, along with sponsor prizes where applicable.

Scores are entered in real-time by players through the online scoring system, Golf Genius, and are accessible 24/7. You can track your individual and team performance throughout the season and see how you stack up against the competition.

Season champions will be recognized at the Men's Closing Tournament in September.

Regular Season

Each week features head-to-head team matchups. Teams earn 10 points for a win, 5 points for a tie, and 0 points for a loss. In addition, teams receive 1 participation point for every player who attends and plays that week.

Playoffs

During the playoffs, points are awarded based on weekly standings, from 1st through 12th place. Point values increase with each round, building momentum as the playoffs progress. The format is inspired by the FedEx Cup, with final prizes awarded based on the combined total of regular season points and all four playoff rounds.
